

“Dormate” Application Announcement

1. Purpose

- ‘Dormate’ means applying for roommate at SKKU dormitory. This is to benefit exemplary residents who have been following the dormitory rules. It gives a chance for people who match well to live together and can increase satisfaction in dormitory life.

2. Eligibility for Application

- Students who did not receive dormitory penalty points during Semester 2, 2014, or the winter vacation (Students who did not receive penalty points because they did not live in the dormitory during Semester 2, 2014, or the winter vacation are eligible, but freshmen cannot apply.)
- Students applying for admission in Stage 1
- Students who lived in the dormitory during the winter vacation, who are selected for Semester 1, 2015, and who applied for early check-in on 24 Feb., will usually be assigned the same room so they don't have to move. Therefore, they don't have to apply for Dormates. (If you apply for Dormates and are successful, then your room will change.)

3. How to Apply

- Dormate application is part of the admission application procedure. If you are ineligible for Dormates, then this part of the procedure will be deactivated.
- Dormates must assign each other as chosen roommates in their respective applications. They must choose the same type of room.

4. Dormate Rules

(1) Ineligible Cases

- Applicants who do not select each other as Dormates
(e.g. A selected B, but B did not select A or selected other students)
- Selected Dormates who are assigned a different room type, are not selected for the dormitory, or did not register admission
- Students who choose a different gender, graduate students, freshmen, or ineligible Dormates
- The computer will automatically select cases which meet the selection criteria exactly, using students' names and ID numbers, so if you input details incorrectly then the responsibility lies with the applicant.

(2) Method of Selection and Number of Applicants to Be Selected

- A number of rooms will be set aside for Dormates in each dormitory and room type. If there are more applicants than available places for a room type, then rooms will be assigned based on applicants' grades in the previous semester.
- There will be no special announcement of the result of Dormate applications; results can be checked when room assignments are announced.
- When selected, you must move to that room. It will not be possible to change or cancel this.

(3) Dormate Life Rules

- When selected as a Dormate, if responsibility for penalty points is deemed to be shared, then the points will be doubled as additional punishment.
